

# Reiki Vision With Iron Eyes

Coalesce Bookstore invites you to celebrate the release of Charlie Iron Eyes' new book, "Reiki Vision Cards."

The book signing event is from 1-3 p.m., Saturday Dec. 17, at the bookstore, 845 Main St., in Morro Bay. Charlie, DD, CCHT, has been involved in the healing arts for the greater part of his life. His studies include the teachings of his Native American heritage, and the studies of Eastern cultures. Some years ago, a spiritual teacher introduced Charlie to Reiki from India. He was initiated as a Reiki Master in 1988.

He has brought the gift of Reiki to hundreds of students throughout the western U.S. Through the Reiki Vision Cards, Charlie has made the Reiki precepts available to everyone as powerful transformational tools.

"I am not sure when the first thought of a set of intuitive cards expressly for Reiki occurred to me," Charlie said, "but the idea of a set of cards directly connected to the energy of The Usui System was very appealing."

Creating the cards has been challenging. "The process of creating the Reiki Vision Cards has been both challenging and enlightening," he explained. "It was clear from the first, that the theme of the cards would be Dr. Usui's Spiritual Precepts of Reiki.

"These Five Precepts are inscribed on the memorial erected to honor Usui Sensei at the Saihoji Temple in the Sugunami district of Tokyo, Japan."

"I wanted to bring the basic sense of trust in the wisdom of the healing energy that is Reiki, to the final design.

Charlie Ironeyes will sign his new book Dec. 17 at Coalesce Bookstore in Morro Bay.

Eventually a deck of 45 cards was created, using a single word and a kanji that corresponds with the word."

The cards pose evocative questions.

"The deck is divided into five suites with each suit containing nine cards," said Charlie. "Each suite follows one of the Five Precepts. The first Precept is 'Just for Today Do Not worry.'

"My sense of this Precept is it suggests The Life Path/ The Journey. That path may suggest some different directions to each individual user that is the reason I have purposely refrained from giving specific directions or interpretations. I feel it best to allow the individual to draw upon their own conceptions for direction."
